

Imesh Bandara

Software Engineering Undergraduate

imeshnbandara@gmail.com | +94703564926 | Rambukkana,Sri Lanka | Linkedin | Portfolio

Medium | Github

SUMMARY

A motivated third-year Software Engineering undergraduate with a strong passion for developing innovative and user-friendly software solutions. Experienced in building full-stack web applications using modern technologies and writing clean, maintainable code. Skilled in problem-solving, performance optimization, and collaborating within Agile development teams to deliver scalable and practical applications.

EDUCATION

BSc (Hons) in Software Engineering, *University of Kelaniya* 04/2024 – Present
CGPA - 3.62/ 4.0 Kelaniya,Sri Lanka

Specialized in Data Science and Engineering Applications, Net-Centric Web Application Development, and Health Informatics Applications.

GCE Advanced Level (Physical Science), *Pinnawala Central College* 2023
Z-Score - 1.5717 _ Physics-A | Chemistry-B | Com.Maths-C Rambukkana,Sri Lanka

TECHNICAL SKILLS

Programming Languages C, JavaScript, TypeScript, Java, PHP, Python	Frontend React.js, HTML, CSS, Tailwind CSS
Backend Spring boot, Express.Js, Node.js, Java, PHP	Databases PostgreSQL, MySQL, MongoDB
Tools Git, GitHub, VS Code, IntelliJ IDEA, Postman,Power BI, Docker	Design Figma , Canva
Cloud & Platforms MongoDB Atlas, Cloudinary, Azure , AWS, Vercel	

PROJECTS

VisitCeylonX(Individual Project) 04/2026 – Present

Tech Stack - React, Tailwind CSS, Redux, Framer Motion, Node.js, Express.js,MongoDB ,JSON Web Tokens (JWT), Google OAuth, Google Gemini API, PayPal API

- Implemented Redux for efficient global state management, enabling seamless user sessions and dynamic application data handling.
- Developed a secure authentication system using Google OAuth and JWT with role-based access control.
- Integrated Google Gemini API for AI-powered itinerary planning and PayPal API for secure online payments.
- Designed a modern, responsive UI using Tailwind CSS and enhanced user experience with Framer Motion animations.

Luxora-Clothing(Individual Project) 05/2026 – Present

Tech Stack - Next.js , Turbo Repo Monorepo, Tailwind CSS, TypeScript, Redux, Node.js, Express.js, PostgreSQL, MongoDB, Mongoose, Clerk Authentication, Cloudinary API,

- Built a scalable microservices architecture in a Turbo Repo monorepo using Express.js.
- Implemented event-driven communication with Apache Kafka for efficient real-time data synchronization between services.

- Designed optimized database solutions using PostgreSQL with Prisma ORM and MongoDB with Mongoose.
- Managed global state and dynamic routing using Redux, and Next.js navigation features.

Book Fair Stall Reservation Platform (Group Project)

12/2025 – 02/2026

Tech Stack - Spring Boot, React.js, PostgreSQL

- Developed a stall reservation platform for managing book fair stall bookings.
- Built secure login and signup functionality.
- Created a responsive stall grid with hall-based and availability-based filtering.
- Designed Genre and About pages with custom UI styling.
- Added backend validations to prevent duplicate stall bookings

Smart Diet SL(Group project)

02/2026 – 02/2026

Smart Diet SL is a MERN stack nutrition platform built with React 19, Vite, Tailwind CSS, Node.js, Express.js, and MongoDB Atlas. It combines diet planning, nutrition tracking, e-commerce, and a farmer marketplace in one responsive application. The system uses JWT authentication, Cloudinary for image storage, and Groq AI (Llama) for personalized nutrition advice.

house-renting-website(Group Project)

07/2025 – 09/2025

Tech Stack - HTML,CSS,JS,PHP,MySQL

A collaborative house-renting platform built with friends using PHP & MySQL.

CERTIFICATES

Participant – IEEEExtreme 19.0 Programming Competition:  IEEE

Generative AI in Practice:  Sololearn

Junior Hack 7.0:  (1st Runner Up) intra-university hackathon, university of Kelaniya

VOLUNTEERING

WIE , IEEE Student Branch University of Kelaniya, Webmaster

08/2025 – Present
Kelaniya,Sri Lanka

Software Engineering student association, University Of Kelaniya,

Event and Registration Coordinator of JuniorHack 7.0

IEEE student branch, University Of Kelaniya,

Delegates Management Team Lead of KelaniXtreme 1.0 and IEEEExtreme 19.0

PROFESSIONAL SKILLS

Analytical Thinking & Problem Solving | Cross-Functional Collaboration | Verbal & Written Communication | Time Management | Quick Learner

LANGUAGES

English | Sinhala
